for skin moisturizing

Product Information

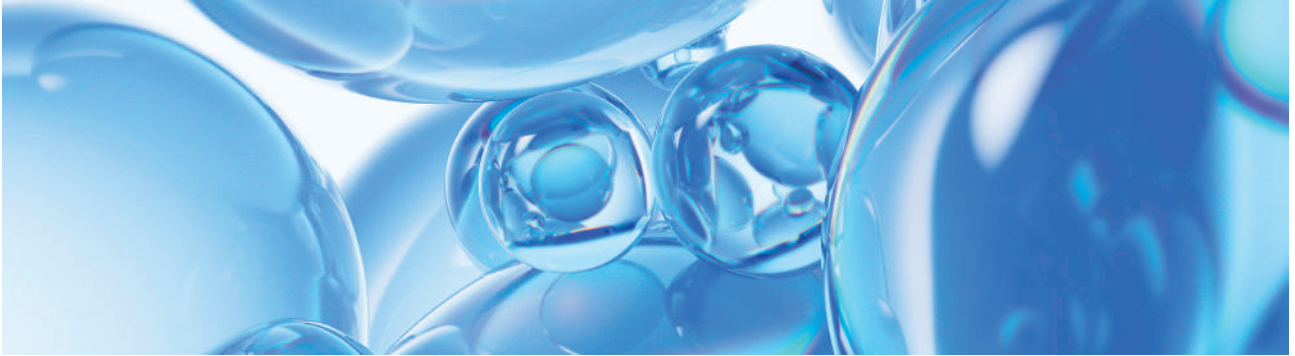

Product Name	RENUVOL
Volume & Composition	100mg (PDO 35mg PN 8mg) x 5Vials
Purpose	Rejuvenation, Elasticity, Brightness

POINT 1

RENUVOL

Premium PDO Booster

The Trusted Standard in PDO Safe, Reliable, and Clinically Proven

01 • Proven Safety

PDO is a clinically proven biocompatible material that has been used in surgical sutures for a long time, ensuring safety and minimal side effects for aesthetic application.

02 • 30 Years of Excellence in PDO Manufacturing

With 30 years of expertise and CE-certified PDO manufacturing, we deliver PDO Regenerator made from our own high-quality raw materials.

03 • Low risk of side effects

PDO naturally degrades within 6–8 months, leaving no residue. Its uniform particle size ensures a very low risk of nodules or inflammation.

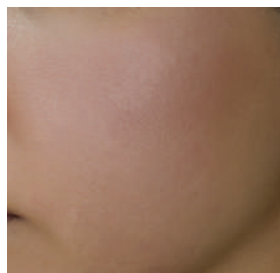

POINT 2

Renuvol Before & After Clinical Results(B&A)

Improvement in Skin Density

Before Use

After 3 Weeks

Enhanced Skin Brightness

Before Use

After 1 Week

POINT 5

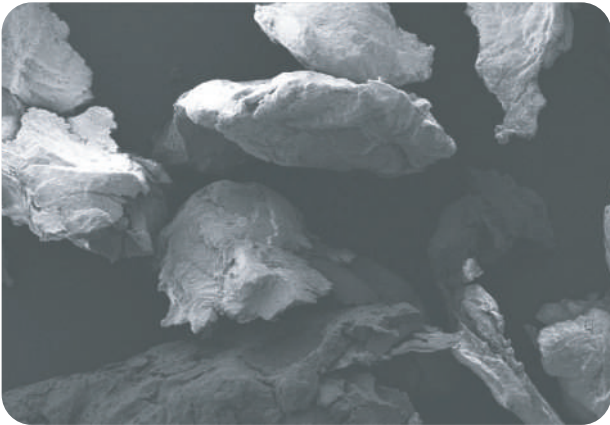

RENUVOL

Premium PDO Booster

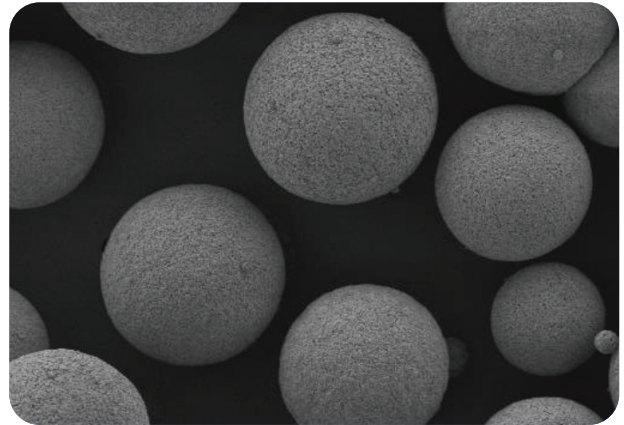

Patented PDO microsphere technology enhances safety and quality

METABIOMED's patented PDO technology ensures safe, high-quality results with minimal risk of nodules or side effects. Uniform **30-60µm** spherical PDO microparticles for optimal performance.

Company A

METABIOMED

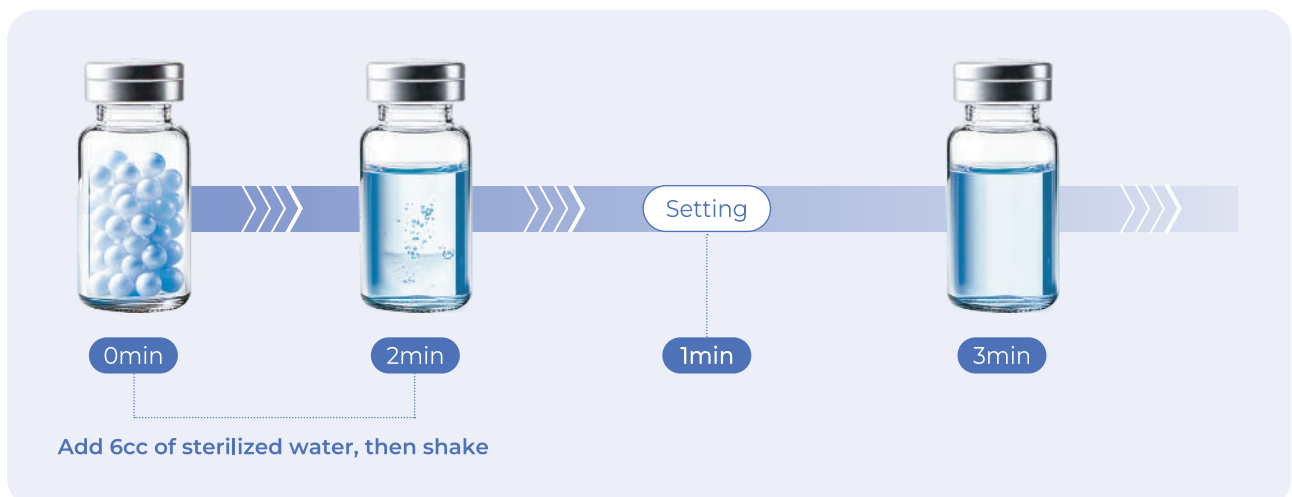

Particle size: **30 to 60 micrometers (µm)**

POINT 6

Immediate Hydration in Just 3 Minutes

Advanced microtechnology creates a porous structure optimized for the skin, achieving quick hydration within **3 minutes**
